

Automatic Filter Replacement Program

Replacement filters, custom sized, and delivered onsite---to your facility---according to your predetermined maintenance schedule!

WHAT COULD BE EASIER?

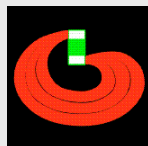

BENEFITS OF THE AUTOMATIC FILTER REPLACEMENT PROGRAM:

- **Validates your warranty.** Filters are selected that are matched to the warranty programs of major component manufacturers such as Baldor, US Motors, Honeywell, Heatcraft, Ruskin, and many others.
- **Never have to worry about “when” to order filters;** they are shipped straight to your site according to your predetermined replacement schedule.
- **Never have to worry about measuring and keeping a record** of the size(s) and type(s) of filter that you need; the correct size and type of filter is automatically shipped.
- **Never have to worry about compromising quality.** The filters we use are selected to provide the lowest operating pressure drop through the recommended life of the filter.
- **We give you insurance.** You are assured of having the original filter model so your unit will provide the heating, cooling, and humidification levels as originally designed.

✓ **QUALITY**
✓ **CONVENIENCE**
✓ **MAINTENANCE REMINDER**
